

**FAG**

**S1SNLH-407-FL-2B** [↗](#)

Узел стационарного корпуса

FAG split cylindrical roller bearing housing

Техническая информация

**Основные размеры и рабочие характеристики**

|    |            |                |
|----|------------|----------------|
| d  | 112,712 mm | Shaft diameter |
| H  | 311,15 mm  | Housing height |
| A  | 139,7 mm   | Center height  |
| B  | 409,575 mm | Length Base    |
| ≈m | 49,895 kg  | Bec            |

**Габаритные размеры**

|   |                  |                        |
|---|------------------|------------------------|
|   | S1SNLH-407-HD-2B | Complete unit held     |
|   | S1SNLH-407-FL-2B | Complete unit float    |
|   | SNLH-7-2B        | Housing designation    |
| D | 39,688 mm        | Base height            |
| C | 73,025 mm        | Base width             |
| E | 352,425 mm       | Base hole distance 1   |
| S | 2                | # of Mounting Bolts    |
| S | 25,4 mm          | Mounting bolt diameter |
