

**WS81212** [↗](#)

## Shaft locating washer

Axial cylindrical roller bearings 812, single direction, comprising K812, GS, WS

## Technical information

**Main Dimensions & Performance Data**

|                |         |                           |
|----------------|---------|---------------------------|
| d              | 60 mm   | Bore diameter             |
| d <sub>1</sub> | 95 mm   | Lip diameter shaft washer |
| B              | 7,5 mm  | Height shaft washer       |
| ≈m             | 240,1 g | Weight                    |

**Mounting dimensions**

|                  |      |                           |
|------------------|------|---------------------------|
| r <sub>min</sub> | 1 mm | Minimum chamfer dimension |
|------------------|------|---------------------------|
